Covestro Distinguished Lectureship at Texas A&M University

Professor Hiroyuki Nishide
Department of Applied Chemistry, School of Advanced Science and Engineering, Waseda University, Tokyo, Japan

September 24, 2015
“Organic Radical Polymers: their Unique Properties and Potential Applications”
4:00 p.m. – Lecture in Harrington Education Center Classroom Building (HECC) Room 204
5:00 p.m. – Reception outside Harrington Education Center Classroom Building (HECC) Room 204

September 25, 2015
“Redox Polymers in Rechargeable Batteries and Electrochemical Devices”
11:00 a.m. – Lecture in Eller Oceanography and Meteorology Building (O&M) Room 110

Hosted by Professor Lei Fang, Professor Jodie Lutkenhaus, and Professor Karen L. Wooley
